

21st Century Community Learning Centers Program

21st CCLC Reviewer Scoring Report – Cohort 10

Applicant Name:	Mother Theodore Catholic Academic
Proposal Ranking:	13
Average Score	115.6 / 125

Proposal Strengths:

- Overall, this was a good application.
- They have identified schools that have a high free or reduced lunch.
- Demonstrates need. Schools are in high poverty areas and need major support, from food daily to well-trained teachers and OST staff. OST staff will add much to a daily schedule (though only 4 days) for youth who have many issues to confront.

Proposal Weaknesses:

- The application was not in the order it should have been. MOU's and non-public signed documentation was at the end of the application.
- While they chose the Social Emotional Learning priority area, many of their proposed activities seem to be literacy remediation. They have also failed to include community partners that represent the Latino community and this is important since 3 of the 4 schools have a Latino student population of more than 50%.
- Not following directions...

Top Areas Where Points Were Lost:

- MOU's
- Partnerships
